

Dear Pastor and Church,

Greetings from the Golden Land. Myanmar (Old Burma) is known as Golden Land because there is a lot of pagodas overlaid by gold.

There are a lot of things in the world rapidly changing. The changes that we can count on one by one non-stop. But there is one thing remain unchanged. That our God remains faithful. That people needs the Lord. Because of God's faithfulness we are able to carry on our ministry of preaching the word, winning the lost, baptizing believers and teaching new born believers despite the many hindrances by the virus. God is so good to us.

One major accomplishment God has given us even in the middle of this global pandemic is that we are able to have our Bible school classes open and now seven of our Bible College students have completed all the requirements and will be graduating. They have been with me six years already. Unbelievable! I am excited as six of them have a strong desire to go out and plant Churches across Myanmar. I want to give you a short testimony about each one of them. That you can pray for them effectively.

Names From Left to Right:

1. Tin Thing - He wants to go to preach in Irrawaddy Division which is second populated areas in Myanmar and plant a Church there.
2. Levi - He have a burden to go to Shane State which located in eastern part of Myanmar along the border of China.
3. Lwin Myint- He wants to go to Irrawaddy Division as second populated areas. He felt like more Churches need to be planted there.
4. Aung Ni Win- He will be going to Bago division which is one hour drives from the city of Yangon. It is one strong holds of Buddhism. It is the Buddhist historic areas as well.
5. Issac - He is praying to go to Mandalay since the beginning of his Bible College. Mandalay is the ancient city of Burma. No easy to reach the people with the gospel. But they need Jesus!
6. Ahlem - He will be going to plant a Church in Pyian O Lwin. It is located in Mandalay division where most of the people have never heard the gospel.

Please pray for each one of them as they need financial support every month. Our Church doesn't have much fund. But we will do the best that we can. Each one of them needs at least \$200 per month just to survive and carry on the ministry. Thank you so much for your faithful partnership. May the Lord bless and prosper you, your family and ministry.

Serving the great King in Myanmar,
Bro. Thaung
